गौरव गुजरात का

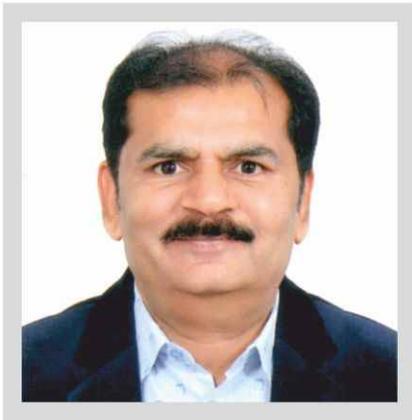

Gulab Oils started its illustrious journey in 1966 with the setting up of its founding production unit at Mangrol. The hard work, grit, and determination coupled with the best business practises led Gulab Oils to surpass many glorious milestones. People's trust and confidence in the brand was the biggest factor behind setting up of various production units situated at Ahmedabad, Rajkot, Mumbai, and Kadi. Groundnut oil has always remained the forte of Gulab Oils. Gulab Groundnut Oil is well-known for its long shelf life and purity. It has been superior to the market in all aspects relating to purity and hygiene and has constantly seen steady increase in market share owing to the satisfaction of our esteemed consumers. Having pioneered in the sector of Groundnut Oil, Gulab Oils created its own bouquet of high quality edible oils that have seen an unprecedented acceptance in the market not just in Gujarat but across the country. The entire range of Gulab Oils stand testimony to company's dedication to both customers and society.

Under the strong and visionary leadership of its Chairman, Mr. Mukesh Nathwani, Gulab Oils has been on a permanent path of progress. Gulab Oils

has also won recognition such as 'Most trusted groundnut oil' by Divya Bhaskar (MY FM) and has been ranked among the '100 fastest growing FMCG brand' in Asia by WCRC and KPMG India along with brands like Amul, Ashirwaad Aata, Saffola, and others. Gulab Oils remain as dedicated as ever to serve every customer with best quality edible oils.

## CHAIRMAN'S

# MESSAGE

The core purpose and vision behind the establishment of Gulab Oils was to serve families of Gujarat with pure and hygienic Groundnut Oil. Gujarat is home to world-class production of superior quality peanuts and thus the Groundnut Oil made out of it has to be exceptional as compared to other parts of the world. Since last 5 decades, we have gained the trust of countless families of Gujarat and have also activated surrounding states of Maharashtra, Rajasthan, Madhya Pradesh and Chhattisgarh.

With our prolonged experience, we have recently ventured into other munching products such as flavoured peanuts, flavoured chana, and others. The approach of Gulab group has always been customer-centric and we value our customers more than anything in the world. Today, we have touched millions of lives with our pure and healthy products and we envisage to grow more and more in coming years.

# DOUBLE FILTERED GROUNDNUT OIL

GULAB  
GOLD

Gulab Groundnut Oil has MUFA content of 54%, which is more than any other oils. This MUFA reduces the proportion of bad cholesterol (LDL), and maintains the good cholesterol (HDL). Groundnut Oil is one of the healthiest oils. It is a vegetable oil that is naturally trans fat-free, cholesterol free, and low in saturated fats. It is also a source of the antioxidant, Vitamin-E and phytosterols, which benefit heart-health.

# REFINED SUNFLOWER OIL

## GULAB SUNGOLD

This Oil is considered healthy mainly due its polyunsaturated fat (65%) content. Due to its light flavour, sunflower oil doesn't overpower the taste of other ingredients. The presence of Omega-6 and vitamin E act as an anti-oxidant which in turn, helps the body cells in retaining water. Sunflower oil is rich in natural vitamins. The perfect balance of monounsaturated and polyunsaturated fats makes it perfect for reducing the levels of bad cholesterol. Thus, more and more people are incorporating it in their diet.

# REFINED COTTONSEED OIL

GULAB  
HEALTH

Cottonseed Oil (CSO) is a versatile vegetable oil that does not require hydrogenation, thus allowing restaurants and food manufacturers to prepare healthy trans-free foods. According to American Heart Association, unsaturated vegetable oils like CSO are “heart healthy” when used in moderation. CSO is typical of the oleic-linoleic group of vegetable oils.

# REFINED SOYABEAN OIL

## GULAB SUPREME

Soybean Oil is a popular vegetable oil that is valued for its affordability, high smoke point and health benefits. Soybean Oil contains no cholesterol, which makes it a perfect choice for individuals with heart disease or high cholesterol. One tablespoon of Soybean Oil provides you with 6% of your daily recommended value of Vitamin-E. Soybeans naturally contain antioxidants which helps prevent the damage caused by free radicals, which may help prevent certain cancers.

# REFINED CORN OIL

GULAB  
PRIME

Gulab Corn Oil is known for its subtle flavour and fine quality. Made from the best procured corns, Gulab Corn Oil is highly rich in Vitamin E along with other nutrients that helps you maintain your health and diet. Semi-neutral flavour of Gulab Corn Oil gives your dishes a well-balanced flavour without overpowering the primary taste.

## GULAB TEEKHA & MILD

Mustard Oil is considered to be an oil that has low saturated fat as compared to other cooking oils. It basically consists of fatty acid, oleic acid, erucic acid and linoleic acid. It has antioxidant and cholesterol reducing properties. After Olive Oil, the MUFA content in Mustard Oil is 66%. It is also loaded with Vitamins. This Oil is nutty in taste, but is good for heart. Due to the high pungency of the oil most of the people do not consume it directly in their diet, but they use it in pickles.
