

A VENTURE OF
PELICAN ROTOFLEX

PELICAN
ENGITECH PRIVATE LIMITED

EBROTM
Precision & High Quality Fasteners

ABOUT US: PELICAN ENGITECH PVT. LTD.

We, Pelican Engitech with the brand name **EBRO** are in the manufacturing of Standard as well as Custom Developed High Tensile Fasteners and Cold Forged Components.

We are well equipped with versatile production facility and manpower. Continuing our legacy of **PELICAN**, we strongly believe in our core competence, consistency and most importantly - **QUALITY**.

We carry out several tests on every inward raw material, in process and outbound finished goods. On quality aspects, we never compromise at any level.

We call it the **Pelican seal of Quality**.

EBRO is emerging out as brand name with quality, standard and custom made fastener solution provider with it's highly skilled work force and path ways of Pelican Rotoflex Pvt. Ltd.

Pelican Engitech works closely with its customers to develop better, faster, more efficient and cost effective solutions.

Performance matter, making the right product, with right quality, in the right time frame, with the right price, using the right raw material and conducting our business in the right manner is what we are all about.

To us, Proven Productivity means perceptible success.

Pelican Engitech Pvt Ltd website : www.pelicanengitech.com

PARENT COMPANY: PELICAN ROTOFLEX PVT. LTD.

Founded by Shah Family in 1996 with turnover around Rs. 140 Cr. and with CAGR of 22%

Pelican Rotoflex Pvt Ltd (located in Rajkot-Gujarat), is one of the most preferred suppliers of Plastic Printing & converting machinery to all leading MNC & indigenous flexible packaging material manufacturing companies.

Traditionally known as **Innovative Engineering** for excellence Pelican Rotoflex is now promoting Pelican Engitech to produce **Innovative Fasteners - EBRO**

Located in the business friendly state of Gujarat, Pelican Rotoflex is globally renowned. Customers of Pelican Rotoflex are a strong testimony to the rigidity, accuracy, reliability of the machines and after sales services.

Pelican Rotoflex is a fully integrated manufacturer and yields absolute controlled on each and every components that are used for manufacturing machines. Pelican Rotoflex has a slew of CAD CAM machines and the facility is governed by SAP HANA and follows a paperless system for transfer of production data.

Pelican Rotoflex shares its core competence with Pelican Engitech as below:

- ✓ Well-Equipped and Well-Trained Design Staff
- ✓ Versatile Vendor Network
- ✓ Logistic Infrastructure
- ✓ Competent Maintenance Team
- ✓ Fully Independent Automation Department.

QUALITY CONTROL

All the Fasteners produced by us passes through stringent **Quality Control Processes**. The policy of Pelican Engitech is to continuously meet and exceed our customer requirements and expectations in a safe environment.

Stringent Q.C. measures for precise and superior **QUALITY**.

Only Products which have passed all the relevant quality checks are marked for delivery.

For consistent quality, we have harnessed several high accuracy instruments which include Spectrometer, Torque Tension Meter, Hardness Tester, Universal Tensile Strength Tester, Profile Projector etc.

“Quality is to give the customers what they want”.

We work with those suppliers who share our commitment to quality, on-time delivery and continuous improvement in our product to make us competitive.

TRACEABILITY

A sophisticated batch management system ensures that all goods can be traced throughout the entire logistical chain from EBRO'S suppliers all the way through customer delivery. Each delivery from our central warehouse or other major warehouses is linked to a batch number. Through this number, the history file of the goods can be traced, including raw material, purchase orders, date of delivery, inspection results and in most cases, supplier lot number (dependent on the product type).

APPLICATION

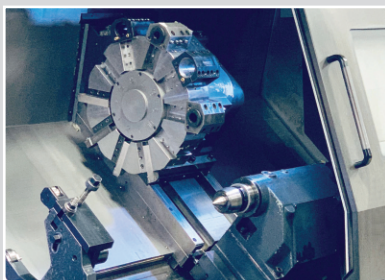

- Heavy Engineering Industries.
- Earth Moving Equipment Manufacturers.
- Locomotive Manufacturers.
- Gear Unit Manufacturers.
- Steel & Bridge Construction Companies.
- Crane Manufacturers.
- Steel Plants.
- Mining Industries.
- Elevator Manufacturers.
- Ship Building Industries.
- Civil Construction Industries.
- Fertilizer Plants.

Printing Industries

Woven Sack Industries

CNC / VMC / HMC Machines

Automobile Industries

Agriculture Machinery

Pumps & Valves

Petrochemical Industries

Construction Equipments

We cater all your fastener requirements

PRODUCT OFFERING | BOLTS & SCREWS

PRODUCT	ITEM DESCRIPTION	DIMENSIONAL STANDARDS	SIZE (DIAMETER)	LENGTH
	SOCKET HEAD CAP SCREW	DIN 912, ISO: 4762, IS: 2269	M4 - M16	UPTO 150 MM
	SOCKET LOW HEAD CAP SCREW	DIN 6912 / 7984	M4 - M12	UPTO 100 MM
	SOCKET COUNTERSUNK HEAD CAP SCREW	DIN 7991, ISO: 10642, IS: 6761	M4 - M16	UPTO 100 MM
	SOCKET BUTTON HEAD CAP SCREW	DIN 7991, ISO: 7380	M4 - M12	UPTO 50 MM
	SOCKET HEAD SHOULDER SCREW	DIN 9841, ISO: 7379	M4 - M16	UPTO 150 MM
	CARRIAGE BOLT / SQUARE NECK BOLT	DIN 603 / 604 / 608, ISO: 8677	M4 - M16	UPTO 150 MM
	HEX FLANGE BOLT / SCREW	DIN 6921, ISO: 4162	M5 - M16	UPTO 150 MM
	HEX HEAD BOLT & SCREW	DIN 931 / 933 ISO: 4014 / 4017, IS: 1364	M5 - M16	UPTO 150 MM
	STUD BOLT	ASTM A193 / A320, DIN 976	M6 - M16	UPTO 150 MM

ADVANTAGES OF ASSOCIATING WITH PELICAN ENGITECH

We stand for high productivity, competitiveness, safety and innovation. With us, you can drive your business forward at the speed of innovation with peace of mind.

Your benefits with EBRO

- ✓ Shortened throughput times
- ✓ Increased productivity
- ✓ Improved flexibility
- ✓ Reduced manufacturing costs
- ✓ Accelerated innovation cycles

We develop fasteners to your needs as well

PRODUCT OFFERING | NUTS

PRODUCT	ITEM DESCRIPTION	DIMENSIONAL STANDARDS	SIZE (DIAMETER)
	NYLOCK NUT	DIN 985, ISO: 7040	M6 - M12
	FLANGE NUT	DIN 6923, ISO: 4161	M6 - M12
	SQUARE NUT	DIN 557	M6 - M12
	SQUARE WELD NUT	DIN 928	M6 - M12
	HEX WELD NUT	DIN 929	M6 - M12
	HEX NUT	DIN 934/ 555, ISO: 4032 / 4034, IS: 1364	M6 - M12

VARIETY OF FINISHES

Zinc Iron Plating, Alkaline Zinc Plating with Passivation (Black, Green, White, Bleach Yellow and Yellow), etc.

We offer 4 Times more Coating Life, thus our Fasteners can withstand under extreme conditions.
